IN THE MATTER OF THE APPLICATION OF
SULPHUR SPRINGS VALLEY ELECTRIC
COOPERATIVE, INC. FOR APPROVAL OF A
NEW NET METERING TARIFF SCHEDULE NM-
2 AND REVISIONS TO THE EXISTING NET
METERING TARIFF SCHEDULE NM.

DOCKET NO. E-01575A-15-0127

**NOTIFICATION OF
INTERVENTION**

BY THE COMMISSION:

On April 14, 2015, Sulphur Springs Valley Electric Cooperative, Inc. ("SSVEC" or "Cooperative") filed an application with the Arizona Corporation Commission ("Commission") for: (1) approval of a new Net Metering Tariff Schedule NM-2 that will apply to all future net metered members which credits to a member's account any excess energy produced from an eligible net metering facility on a monthly basis at SSVEC's authorized avoided costs rate; (2) revisions to the Cooperative's existing Net Metering Tariff Schedule NM (to be revised and renamed Net Metering Tariff Schedule NM-1) which provide that members who have an installed eligible Net metering facility or an accepted SunWatts Incentive/Interconnection application on file with SSVEC by close of business on April 14, 2015, will be grandfathered under the existing Net Metering Tariff; and (3) approval of a partial waiver of the Commission's net metering rules set forth in A.A.C. R14-2-2301 et seq. (the "Net Metering Rules") as necessary to authorize the new tariff and the tariff revisions requested in the application.

On April 17, 2015, Requests to Intervene were filed by Navopache Electric Cooperative, Inc. ("NEC") and Mohave Electric Cooperative, Inc. ("MEC"). MEC and NEC stated that the issues in this docket are of interest to them and their membership, as they too are member-owned distribution cooperatives that are subject to the Net Metering Rules.

On April 24, 2015, The Alliance for Solar Choice ("TASC") filed an Application to Intervene.

1 TASC states that it is a solar energy advocacy association whose membership includes a majority of
2 the nation's rooftop solar market.

3 There were no objections to any of these requests to intervene.

4 IT IS THEREFORE ORDERED that intervention is granted to MEC, NEC and TASC.
